

MyFinancialPlan Project Architecture

Master Technical Blueprint & Ecosystem Reference Manual

Date: September 20, 2026

System State: Production Live (v2.22.2)

Target Repository:
prgatisrivastava114-lab/SmartCalc-AI-web

Domain: <https://www.myfinancialplan.in/>

1. Executive Overview & Routing Matrix

The **MyFinancialPlan.in** platform is a multi-tier financial ecosystem comprising an official web portal, modular calculator suite, native Android application, Flutter Web engine, Digital Vanshawali gotra lineage canvas, and an entitlement administration panel.

Module Name	Live Route URL	Workspace Path	Tech Stack & Engine
Main Website Portal	myfinancialplan.in/	/home/user/index.html	HTML5, CSS3, TradingView JS
Tools Catalog Suite	myfinancialplan.in/tools/	/home/user/tools/index.html	Modular JS Calculators
Android App Binary	Play Store / Downloads	/downloads/SmartCalcAI-v2.22.2.apk	Flutter Dart AOT (libapp.so)
MFP Web Application	myfinancialplan.in/app/	/home/user/app/index.html	Flutter Web (main.dart.js)
Digital Vanshawali App	myfinancialplan.in/vanshawali/	/home/user/vanshawali/index.html	HTML5 Canvas & Pathfinder JS
Admin Panel Issuer	myfinancialplan.in/admin/	/home/user/admin/index.html	Key Ledger Store JS

2. Detailed Component Architecture

2.1 Main Website & SEO Portal (<https://www.myfinancialplan.in/>)

- **Primary Entrypoint:** /home/user/index.html (92.9 KB)
- **Live Market Ticker:** Integrated TradingView real-time symbol updates (NIFTY 50, SENSEX, Gold).
- **Tools Sub-Directories:** 15 standalone calculator modules in /tools/ (SIP, EMI, FD, PPF, SSY, SWP, Lumpsum, Retirement).
- **SEO & Metadata:** Pre-rendered OpenGraph cards, structured schema.org JSON-LD, sitemap.xml, robots.txt.

2.2 Android Native Application (SmartCalcAI-v2.22.2.apk)

- **Binary Package:** /home/user/downloads/SmartCalcAI-v2.22.2.apk (28.7 MB)
- **Engine Execution:** Flutter AOT compiled ARM64 binary (lib/arm64-v8a/libapp.so).
- **Authentic Assets Extracted:**
 - fonts/MaterialIcons-Regular.otf (33.8 KB subsetting vector icon font)

- assets/fonts/NotoSans-Regular.ttf & NotoSans-Bold.ttf (569 KB Latin typography)
- assets/fonts/NotoSansDevanagari-Regular.ttf & Bold.ttf (219 KB Hindi typography)
- assets/brand/ (Logos, splash banners, icons)
- assets/journey/ (8 Family Journey scenario slides s01.jpg–s08.jpg)

2.3 MFP Web Application (<https://www.myfinancialplan.in/app/>)

- **Entrypoint Shell:** /home/user/app/index.html with <base href="/app/">
- **App Bundle Binary:** /home/user/app/main.dart.js (3.88 MB - Full 504 tools engine)
- **CanvasKit WASM Engine:** /home/user/app/canvaskit/canvaskit.wasm (7.0 MB WebGL renderer)
- **Manifest Configuration:** Synchronized FontManifest.json & AssetManifest.bin
- **Build Release Counter:** version.json (Build 48)

2.4 Digital Vanshawali App (<https://www.myfinancialplan.in/vanshawali/>)

- **Entrypoint File:** /home/user/vanshawali/index.html (107.8 KB)
- **Gotra Lineage Canvas:** HTML5 Canvas rendering paternal, maternal, and spouse gotra lineages.
- **3-Side Relation Chain:** Switcher tabs for Paternal, Maternal, Spouse, and All View.
- **Pathfinder Gotra Engine:** Common ancestor connection algorithm detecting cross-gotra matches.
- **Provenance Ledger Table:** Generation depth tracking (-3 Great-Grandfather to +3 Great-Grandchild).

2.5 Admin Panel & Key Issuer (<https://www.myfinancialplan.in/admin/>)

- **Entrypoint File:** /home/user/admin/index.html (42.2 KB)
- **Official Key Issuer:** Generates single-use activation keys with formats:
 - MFP-S030-XXXX-YYYY (Silver Plan – ₹99 / 30 Days)
 - MFP-G030-XXXX-YYYY (Gold Plan – ₹299 / 30 Days)
 - MFP-P030-XXXX-YYYY (Platinum Plan – ₹599 / 30 Days)
- **Global Key Store Ledger:** Persists issued keys into saveGlobalMfpKeyStore().

3. Authentication & Plan Entitlements

- **User Authentication Bridge:** Google Identity Services (GIS) One-Tap JWT Bridge (<https://accounts.google.com/gsi/client>). Hands ID token to local session state without external pub packages.
- **User Session Storage:** localStorage key userEmail.
- **Plan Entitlement Tiers:**

Plan Tier	Pricing & Tenure	Activation Key Pattern	Features Unlocked
Silver Estate Plan	₹99 / 30 Days	MFP-S030-XXXX-YYYY	Standard Calculators & PDF Plan
Gold Estate Plan	₹299 / 30 Days	MFP-G030-XXXX-YYYY	Full Tools + Digital Vanshawali
Platinum Estate Plan	₹599 / 30 Days	MFP-P030-XXXX-YYYY	All Features + Priority AI Advisor

4. Data Persistence & Local Storage Schemas

Key Name	Target Storage	Data Schema Description
mfp_vanshawali_tree_v8	localStorage	JSON array of node objects containing person_id, name, relation, gotra, native_place_id, side.
mfp_global_key_store_v3	localStorage	JSON dictionary mapping activation key to status, plan tier, issued_at, and redeemed_by.
mfp_activation_key	localStorage	Active single-use key string assigned to the logged-in user account.
app_build_seen	localStorage	Service worker build invalidator tracking current release (e.g. build 48).

5. Instructions Guide for Custom Modifications

When requesting changes to any module, reference the exact file paths or keys listed below to ensure 100% precision:

- **To change Plan Pricing / Keys:** Request updates to /admin/index.html and /vanshawali/index.html.
- **To update Calculators:** Request updates to /tools/ or /app/index.html.
- **To modify Gotra Engine:** Request updates to /vanshawali/index.html.
- **To deploy to Production:** Specify push request to prgatisrivastava114-lab/SmartCalc-AI-web on GitHub.
